MEMBERS GOING STRONG

Toboggan Slide Is Latest Amusement—A New Boat Expected From Coast Soon.

Down at the Healan and Myrtle boat sheds there can every afternoon be seen large parties of swimmers and rowers all at work getting into condition for the coming water sports that are to be given in aid of the Hawaii yacht fund.

The rowing men of the city are showing great interest in all that pertains to the art, and the other men are keen on instructing the younger members of the club in the way they should go in order to get the greatest possible pace out of a barge.

The hot weather having started, a big bunch of fellows go down for a swim as soon as they get through work every day. The members are becoming better acquainted, and all the signs point to a general revival in rowing and other aquatic sports. A new boat is expected soon from the mainland, and it is said to be one of the best built for a long time. When the new tub arrives there will be some fine doings down at the Healan, and the lucky men who make the crew will have a chance of rowing in an up-to-date boat.

The toboggan slide comes at just the right moment, and as soon as it is finished there will be a continual rush of divers down its smooth slope.

Lester Petrie left for the Coast last night on the Lurline, and he was covered with lila as he ascended the gangplank. "Petrie" will probably be away from Hawaii for a couple of months.

The sports at the Monastery have decided to have a new window put in the building in order that there will be more light thrown on the billiard table. Tom Beck is figuring on the cost of the window, and if his tender is accepted, it may be arranged that the monks can remain in the house while the job is being done.

The Oahu league will hold a meeting on Wednesday next, and at it the schedule for the coming season will be arranged. The C. A. C. boys are hard at work practicing for the coming season, and they intend to go close to, if not win, the series.

GUN CLUB.

**WEEKLY CUP SHOOT  
THIS AFTERNOON**

HARVEY AND BOBO

HAVE TWO LEGS IN

Cup May Be Won Finally Today—Surprise Might Come From Spalding or Deering.

This afternoon at the Kakaako traps the weekly cup shoot of the Hawaiian Gun Club will be advanced another stage and, as both Bobo and Harvey have two legs in for the trophy, an exciting contest is expected, as there will be two good shots run up against one another.

Harvey was unable to shoot last week as he was under the weather; however, if it does not rain today he will be able to turn out and make a stab at capturing the cup for the third and last time.

The conditions of the cup competition are that it has to be won three times by the same man before it becomes his personal property. Only two men have so far managed to get their names on the cup and as they both have won it twice there would seem to be a probability of one of the pair winning for the third time.

The shoot is, as usual, a combination one, and will be shot at both known and unknown angles. Ten birds at either trap will be sprung and the shooting should be very close this afternoon as the gunners are getting used to the Leggett trap, which throws the clays out at unknown angles and at a very rapid rate of speed.

Spalding and Deering have done some remarkably good shooting in practice and if they shoot up to their real form, a new name may appear on the cup.

The Chicago American League has, through its representative, Ted Sullivan, about closed a deal with the Mineral Wells Club for training quarters and grounds at Fort Worth, Tex.

Vierra's tug-of-war may be pulled off at the Princess skating rink. The ground at the Athletic Park was too wet for the contest last week, and a change to uptown has been suggested.

Philadelphia boasts of two of the oldest living skaters in the world. On the first day that the ice was in condition, the oldtimer, William H. Wetherill and his brother Frank, 73 and 71 years of age respectively, made their annual appearance on Haverford College pond. They cut the figure eight, and did other stunts that made the onlooking youngsters open their eyes in surprise.
